SUGGESTED PROCEDURES FOR A SELF-AUDIT, 2018

- *These procedures can be completed by a board member with understanding of the system, a clerk or treasurer from another special district or town (our recommendation is to exchange this service with another district or town), a local citizen who may be an active or retired bookkeeper and would volunteer to assist your entity, or by a paid independent third party, if desired.*
- *The treasurer/bookkeeper may assist in locating records, but the person doing the self-audit should independently select the transactions to be traced and verified.*
- *If your revenues or expenses are over \$100,000 and you do not have a CPA audit or review, this process is required.*

The following steps are designed to provide evidence that the accounting work is done, that the entity's transactions are accurately and completely recorded, and that the officials have had access to the accounting records. These are tests commonly used by CPAs to assist them in forming an opinion on an entity's financial statements.

RECEIPTS TEST:

1. Randomly *select* 10 receipts from the receipt book.
2. *Trace* each one to the Receipts Journal (this is the first entry to the books).
3. *Verify* the amount, name, date, and the correct accounting category (taxes, water billing, grant or loan, etc.).
4. *Add the total* of the column in which it was entered.
5. *Trace* this total to the *Financial Statement* (or the next summary document), same category, for the month or quarter, whichever is used.
6. *Trace* the payment to the *bank deposit slip*; all the detail should agree, including the name, date and amount.
7. *Trace* the deposit slip to the *reconciled bank statement*.

EXPENDITURE TEST:

1. Randomly *select* 10 check numbers from complete list of all check numbers.
2. Pull the related disbursement voucher, with invoice attached, from file.
3. Locate the canceled check from the bank.
4. *Compare* the canceled check, the entry to the disbursement journal, the voucher and the vendor invoice for agreement for the following items: a. *payee name*
b. *amount* c. *date agreement* d. *correct account classification in books.*
5. *Review* the canceled check for any changes, erasures, white-outs.
6. *If possible, review* the canceled check for endorsements. (Should agree to payee name.)
7. If not known to you as a vendor, look in telephone book or online to see *if payee is a legitimate business.*

PAYROLL TEST:

Review one month (in the fiscal year) of each bank's statements, for the following:

1. Verify that every *debit and credit on the bank statement* has either a canceled check, a deposit ticket, or a written bank record of a transaction.
2. Review every *check for the month* to make sure there are no unauthorized checks to employees or officials of the entity. Watch for any duplicate payroll amounts.
3. For each check, make sure that there are no whiteouts or other alterations.
4. *Trace* the month's payroll checks to the recording entries in the journals.
5. *Review the* payroll records for one quarter and agree to the IRS Form 941. Verify that the information on the form agrees to the actual liability shown on the records.
6. *Agree* the year end IRS form W-2 to the entity payroll records.

FINANCIAL STATEMENTS:

Trace the monthly column totals from the detailed postings of the General Ledger to the Financial Statement report and make sure they agree.

GRANT AND LOAN ACCOUNTING (if applicable):

Review the request for payment reimbursement file. Make sure that all requests have the supporting vendor charges (copies) in the file. Review the grant agreement for your entity's compliance with all of the terms of the grant.

If you find any exceptions to the testing, ask the treasurer/bookkeeper for an explanation. If you still have some questions, please call the Dept. of Audit at (307) 777-7798.
