Re: Lot 333, Rafter J Ranch

Dear Kevin:

Thanks for your letter of November 10. As you noted in your letter, the approval of the CUP is conditioned and held in abeyance until the pending lawsuit is fully and finally resolved. Stage Stop does not anticipate pursuing an amendment to the Rafter J CC&Rs until the resolution of the pending lawsuit since it cannot act on the CUP approval until resolution of the lawsuit.

Stage Stop appreciates the Board's offer of assistance in submitting the CC&R amendment to the Membership and I will likely be in touch once the lawsuit is resolved.

Regards,
