

June 7, 2026

7:00 pm

Update #1:

Crews are still working on identifying the extent of the leak. Parts are being sourced and it is likely that the earliest expected restoration of water may happen around 3:00 pm tomorrow (June 8th).

A potable water truck is stationed in the Rafter J Office parking lot, and once water is restored, a subdivision-wide boil order will be issued.

The Rafter J Office will continue to provide updates as they are available via email and posting updates on the Rafter J website (www.rafterj.org).

If you or you hear of neighbors who are not receiving email notices from the Rafter J office, please encourage them to send their email information to the Rafter J office email (office@rafterj.org).

Thank you for your understanding while teams work as quickly as possible to repair the line and restore water pressure.

The Rafter J Office will continue to provide updates as they are made available.

Sincerely,

Rafter J ISD
